

Welcome!

Welcome to this introduction to LifeWorks. We hope you have had a great time and that you will decide to join us for the next few weeks as we stop to look at life through the lens of the Christian message.

The two promises of LifeWorks

We make you two promises as you journey through LifeWorks with us:

1. We will learn a lot

You will come out of LifeWorks with a really good understanding of the basic Christian message and how it applies to life.

2. We will have fun along the way

We want each person in LifeWorks to thoroughly enjoy their time together each week and have designed the sessions to be something you look forward to, not only for the knowledge, but also for the good time together.

5 reasons to investigate the Christian message:

As you think about taking the LifeWorks journey, here are five good reasons to investigate the Christian message:

1. Because of its impact on human history

Jesus had such an impact on our world that all of human history is divided around the life of Jesus Christ. Everything in our calendar happened either BC (Before Christ) or AD (Anno Domini—"in the year of our Lord").

2. To separate the fake from the real

You may have experienced a church that left you with a very negative experience of Christianity, or met Christians who weren't at all like what you know of Jesus Christ. But think about this—you only find counterfeits when the real thing also exists. If you have encountered counterfeits, that ought to make you say, "I need to investigate the Christian message and find out what the real thing is like.

3. Because at some point you must confront the ultimate questions of life

Is there meaning in life? Why am I here? Is hope real? What is God like? What happens when I die? What's wrong with the world?

4. To find God's help when your life is falling apart

Some of us are at a place of personal desperation and ready to cry out for God's help.

5. Because something inside you says that there must be more to life than just existence

The Christian message shows how even the mundane things of life can become full of meaning. Join us and find out why!

Are you a destination person, or a journey person?

In LifeWorks we believe that:

There is a destination worth heading towards and a journey worth taking
